DETAILED ACTION

1. This office action is in response to the amendment filed on June 14, 2004, in which claims 1-19 for further examination

Allowable Subject Matter

2. Claims 1-19 are allowable in light of the prior art made of record (see PTO-1449 and 892).

Reasons for Indicating Allowable Subject Matter

3. The following is an examiner's statement of reasons for allowance: Upon searching a variety of databases, the examiner respectfully submits that --detecting an addition of a new storage mechanism not mounted in a namespace of the file system viewable by a user and providing a link on the existing storage mechanism to the file data moved to the new storage mechanism such that the file data moved to the new storage mechanism via the link-- in conjunction with all other limitations of the dependent and independent claims are not taught nor suggested by the prior art of record (PTO-892 and 1449). Moreover, the present invention allows users to transparently and quickly extent their storage capacity without dealing with separate volume. Since the link file is maintained in the existing file system, also, the name space remains unchanged even if the new drive is removed, so a user can view the full volume directory even if the new drive is removed. This distinct capability does not disclose or suggest by the prior art made of record. Therefore, all pending claims 1-19 is hereby allowed.

4. Since allowable subject matter has been indicated, applicant is encouraged to submit formal drawings in response to this Office action. The early submission of formal drawings will permit the Office to review the drawings for acceptability and to resolve any informalities remaining therein before the application is passed to issue. This will avoid possible delays in the issue process.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
